Foreword

We of the Annual Staff have dedicated our time and effort this year to bringing out the many ways in which the students of Putnam City High School carry on the American Way of Life.

With the football season over, most of the year gone, and spring approaching, the students and teachers began to realize that the spirit which accompanied them through the year was not just an imaginary one. It was truly a living spirit formed by the everyday trials and errors that each of us encounters and will keep on meeting. This spirit of our school and of the American people is symbolized throughout the annual by a little ghost named Kasper, who proudly mingles with our students.

To the faculty, the spirit of America served as a guide as they instructed their students and helped prepare them

for the unknown future. To the sophomores, who were glad to be in high school, it brought an increasing awareness of its privileges. To the juniors it brought an increasing knowledge of their responsibilities as students and citizens. To the seniors, who are preparing to go out into the world on their own, the spirit seemed to give courage.

Indeed, this is a spirit all of us are thankful to have with us. Through picture and story we have striven to portray this American spirit in our school. A spirit that is lively as the morning news, intangible as stardust, spontaneous as laughter and strong enough to control thoughts and actions. We want this book to present to you an accurate account of why you can honestly say, "I am thankful I am an American."

Dedication

We dedicate the 1956 Treasure Chest to Mr. J. R. Graves, who has proved his sincerity and companionship to not only the graduating seniors but all students of PHS.

"Doc" Graves attended North Eastern State College before completing work for his Bachelor's Degree in Science at Central State College. Graduate work for his Master's degree was done at Oklahoma A&M.

During his first two years at Putnam he taught drivers training, was football coach and assistant basketball coach. He then became principal of the new junior high at the same time the seniors of this year entered seventh grade. In 1953 he returned to the high school faculty, teaching American history and coaching both basketball and football. Now he is once more leaving Putnam High School, as are the seniors.

Under his coaching, in the past three years, the football team has won 18 games, lost 11 and tied one. In basketball we were Regional Winner '54, Runner-up Northwestern State Invitation Tournament '55, were in the state finals Class A '55 and were Midland Conference Winners in '55.

We are certainly proud of all this and we sincerely thank "Doc" Graves for helping make it possible.

Hard Work Is Rewarded . . .

The National Honor Society is a serious-minded organization composed of those students who most nearly attain the ideals of the society. The five offices representing phases of our society are defined as follows:

CHARACTER - the demonstration of qualities such as reliability and morality.

LEADERSHIP - the leading of classroom activities and promotion

of school activities.

SCHOLARSHIP - the maintenance of 2.5 grade average when A equals 3, B equals 2 and C equals 1.

SERVICE - the willingness to do any assigned job cheerfully.

CITIZENSHIP - the development of those personal qualities which make one a good school citizen.

The Student Council truly represents the democratic way in which things are done in America. This organization is operated by the students and entirely in the interest of the students and the school. The Student Council is perhaps the most beneficial organization at Putnam City. The purpose of this group is to promote better understanding between the student

body and the faculty. They also strive to encourage school spirit and friendship with other high schools. The council is constantly working on school problems and projects to benefit the school. Our hats are tipped and our thanks are given to this organization for the service it has given to our school.

"Science is a watchword for freedom and is yours for a better world." Scientific advances in the past few years have enriched life for everyone. Our young scientists may someday contribute their share of advances. (To prepare themselves, they are members of the Science Club.) To become members they must be enrolled in at least the second year of science, have an A or B average, and develop an original project each semester. These projects may be entered in the State Science Fair at Norman or the Regional Fair at Edmond.

Spirit Kept Alive During The Years

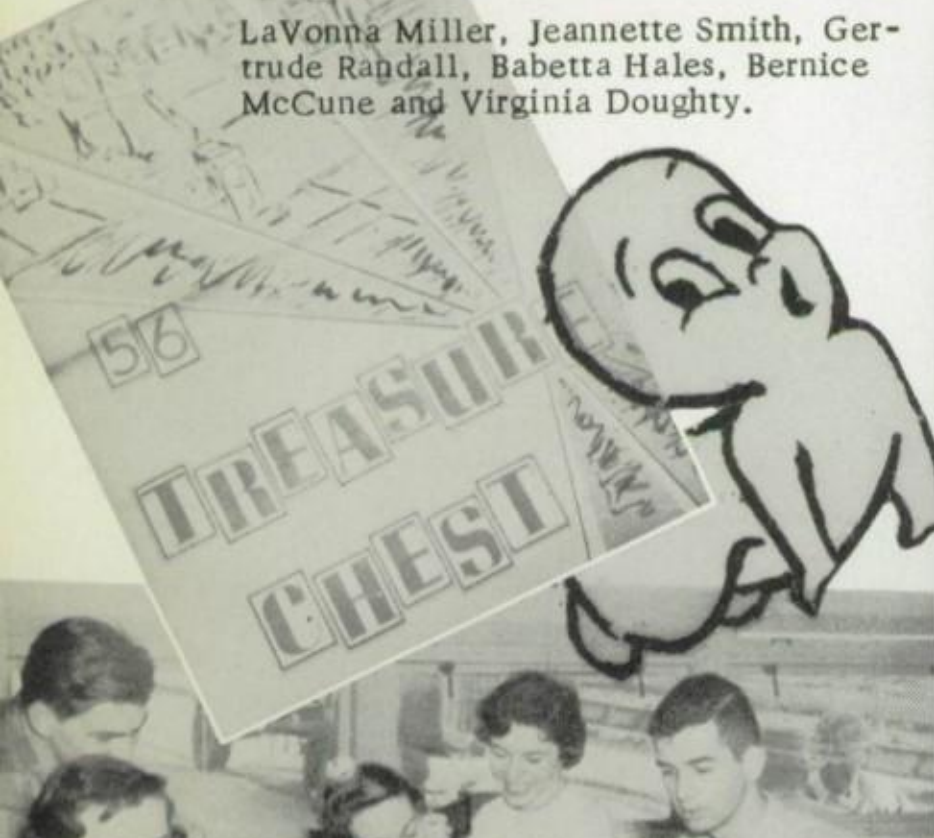

Being on the Annual Staff is not all peaches and cream. From enrollment time until the annual goes to press each member of the staff has certain jobs to do. Some of these jobs are writing and rewriting copy, cutting and pasting pictures, coordinating material, making and remaking group pictures, working on layouts and trying hard to go to press on time.

A major job for us this year has been taking, developing and printing our pictures. Until the last few years

the senior class helped to finance the annual, but since the annual is now self-supporting the seniors of '55 shared the cost of a camera with the staff.

Because many of the students like to have a record of the activities and sports that occur after the annual has gone to press the annual staff is introducing, for the first time, a supplement. It will be eight pages long and will be mailed during the summer to the students who ordered it.

After attending the O.I.P.A. meeting, the Journalism Staff also got some ideas for improvement. They have changed the usual one-page school paper into four pages and it is no longer included with the Northwest News. All the students have really gone for this new idea and hope it will stay around for a long time.

Getting into the spirit of democracy, the students now have a voice in the paper! A new column "Letters to the Editor," contains letters from the students telling of their opinions, ideas, likes and dislikes concerning the school.

The emblem of the 4-H Club is a four leaf clover with an H inscribed in each leaf. The four H's represent the hands, heart, home, and health which form the basis of everything. By teaching boys and girls modern scientific ways of farming, gardening, canning, stock raising and other things connected with farm life, the 4-H Club makes its members good farmers, homemakers and citizens. 4-H Club helps boys and girls develop good character by teaching them leadership, co-operation and the openminded attitude toward new ways of doing things which is so important in a land such as ours.

Under the sponsorship of MR. RICE the 4-H Club has done some remarkable work this year.

The Future Homemakers of America need no introduction. This organization's purpose is to prepare high school girls for their future which will probably include homemaking. The F.H.A. has completed some very worth-while projects. They made favors for the children at the Bethany Convalescent Home and for the Classroom Teachers' Christmas party and they gathered clothing for the needy. At the F.H.A. assembly the president crowned Lorne Johnston Sweetheart of the group. Bill Nelson and Tommy McEvers were runners-up. In addition to the coronation, the members modeled for a year-round fashion show. To be a member of the F.H.A. you must be taking or have taken one year of home economics. What better way can the American way of life be shown than in the Future Homemakers of America?

Lorne Johnston was crowned Sweetheart at the F.H.A. assembly by Mary Southard.

The all-school play, "Young April," and the junior play, "We Shook the Family Tree," were presented at the first of this year under the capable direction of Mrs. Wood, drama and speech teacher.

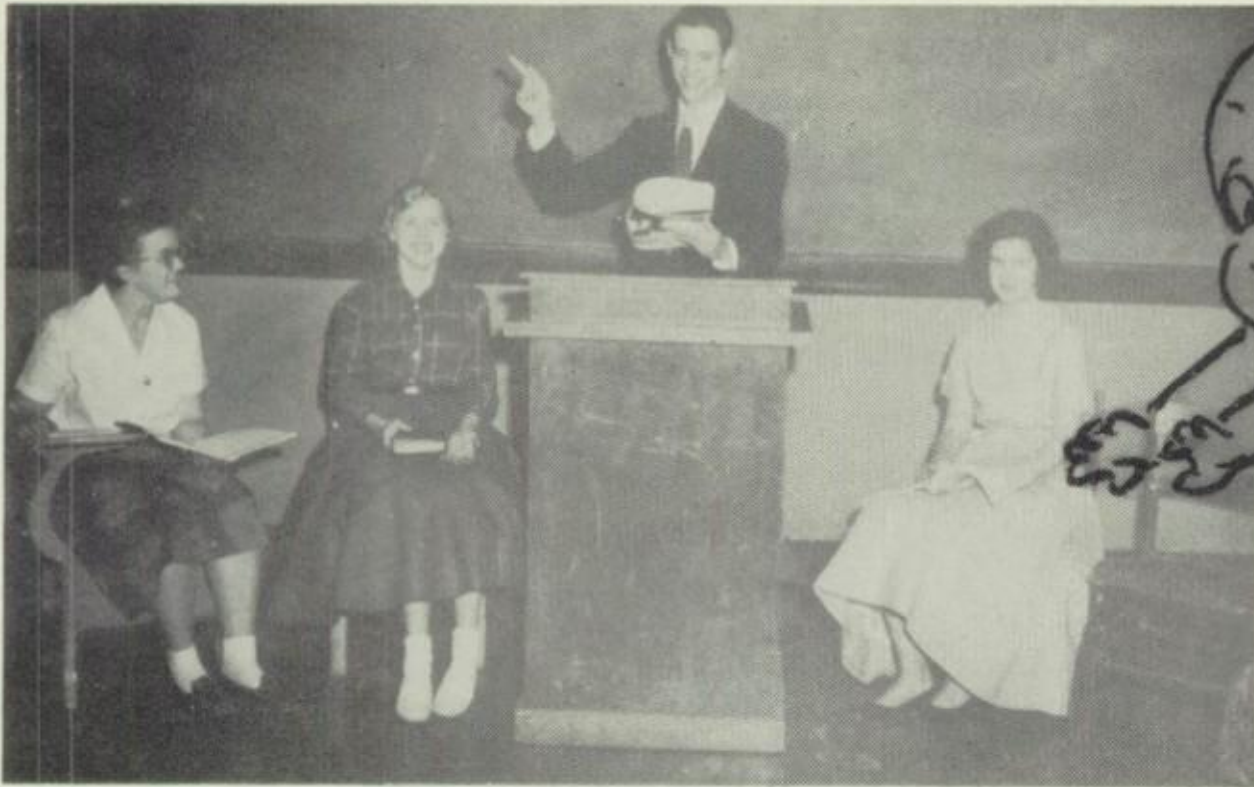

"Young April" centered around the McIntyre family and their many problems caused by their teen-age children.

"We Shook the Family Tree" also centered around a family who faced the problems created by their children. In this case it took only the daughter, Hildegard, to upset the Dolson family and their reputation in the community.

The Art Club may not sound like an active club, but it has performed many services for the school. Members helped with the sets and scenery for the junior, senior and the all-school plays which have been exceptionally challenging this year. They also designed and silk-screened the covers for the student directories and the programs for "Young April." In addition they painted the numbers on the new school buses and "NO PARKING" signs for the school area. The major contests they compete in are the Scholastic Art Award at John A. Brown and the Art Festival at Central State College. Johnny Webster received two second places at Brown's and Margie Craig and Ronald Fleming each got one second place.

Looking Ahead Makes Better Citizens

The Commercial Club consists of girls who are preparing themselves for a job in the business field. At their meetings every three weeks, they have heard experts in various parts of this field. They have explored the opportunities in business and the proper clothes for the occasions encountered. Requirements for membership are advanced shorthand and the ability to take shorthand at the speed of eighty words a minute. The club was organized in 1954 when Mrs. Prentice became a member of the high school faculty, and has become a major part of Putnam High School's way of life.

Supervising football practice are Doc Graves, football coach and Mr. Vandemeer, assistant coach.

Helping to keep the boys working hard and to keep their spirits high were the Tri-Captains, Bill Gary, Bill Nelson and Charles Pinion.

Win Or Lose . . . Our Spirit Remains

"Run! Catch him! Knock him down!" Those are the most used words by PHS football fans. But whether we get knock-downs or touchdowns we still have that school spirit that will keep us going. In last year's conference we held third place. This year, though we didn't win

many games, Bill Gary was elected to the All-State Football Team for the third year, Charles Pinion to the All-District Team and Bill Nelson and Floyd Percival to the All-Conference Team. So, keep up the good football spirit, kids; it will never fail you!

Learning To Work Together

Throughout our nation we see the spirit of competition which is truly exemplified in our basketball team. Even though the team had a losing streak they made a miraculous comeback. The first of the season started with only three returning lettermen and a completely new reserve squad.

Despite these hardships, they managed to place fourth in the Midland Conference and second in the Tahlequah tournament. This season boosted the playing ability and sportsmanship of each member of the team.

Mr. Snyder, with the boys that won at Regionals - Jack Morris, Duwane Miller, Captain and Harry Deupree.

The Putnam City grapplers

At the Midland Conference Duwane Miller, Captain, placed 1st at 106, George Lawson 3rd at 115, Jerry Tate 3rd at 123, Cody Parr 2nd at 130, Jerry McDonald 4th at 130, David Judkins 2nd at 156, Charles Pinion 2nd at 165, and Bill Watts 2nd H. W. At the Regionals, Duwane Miller at 106 was 3rd, Harry Deupree at 145 and Jack Morris at 123 placed 4th.

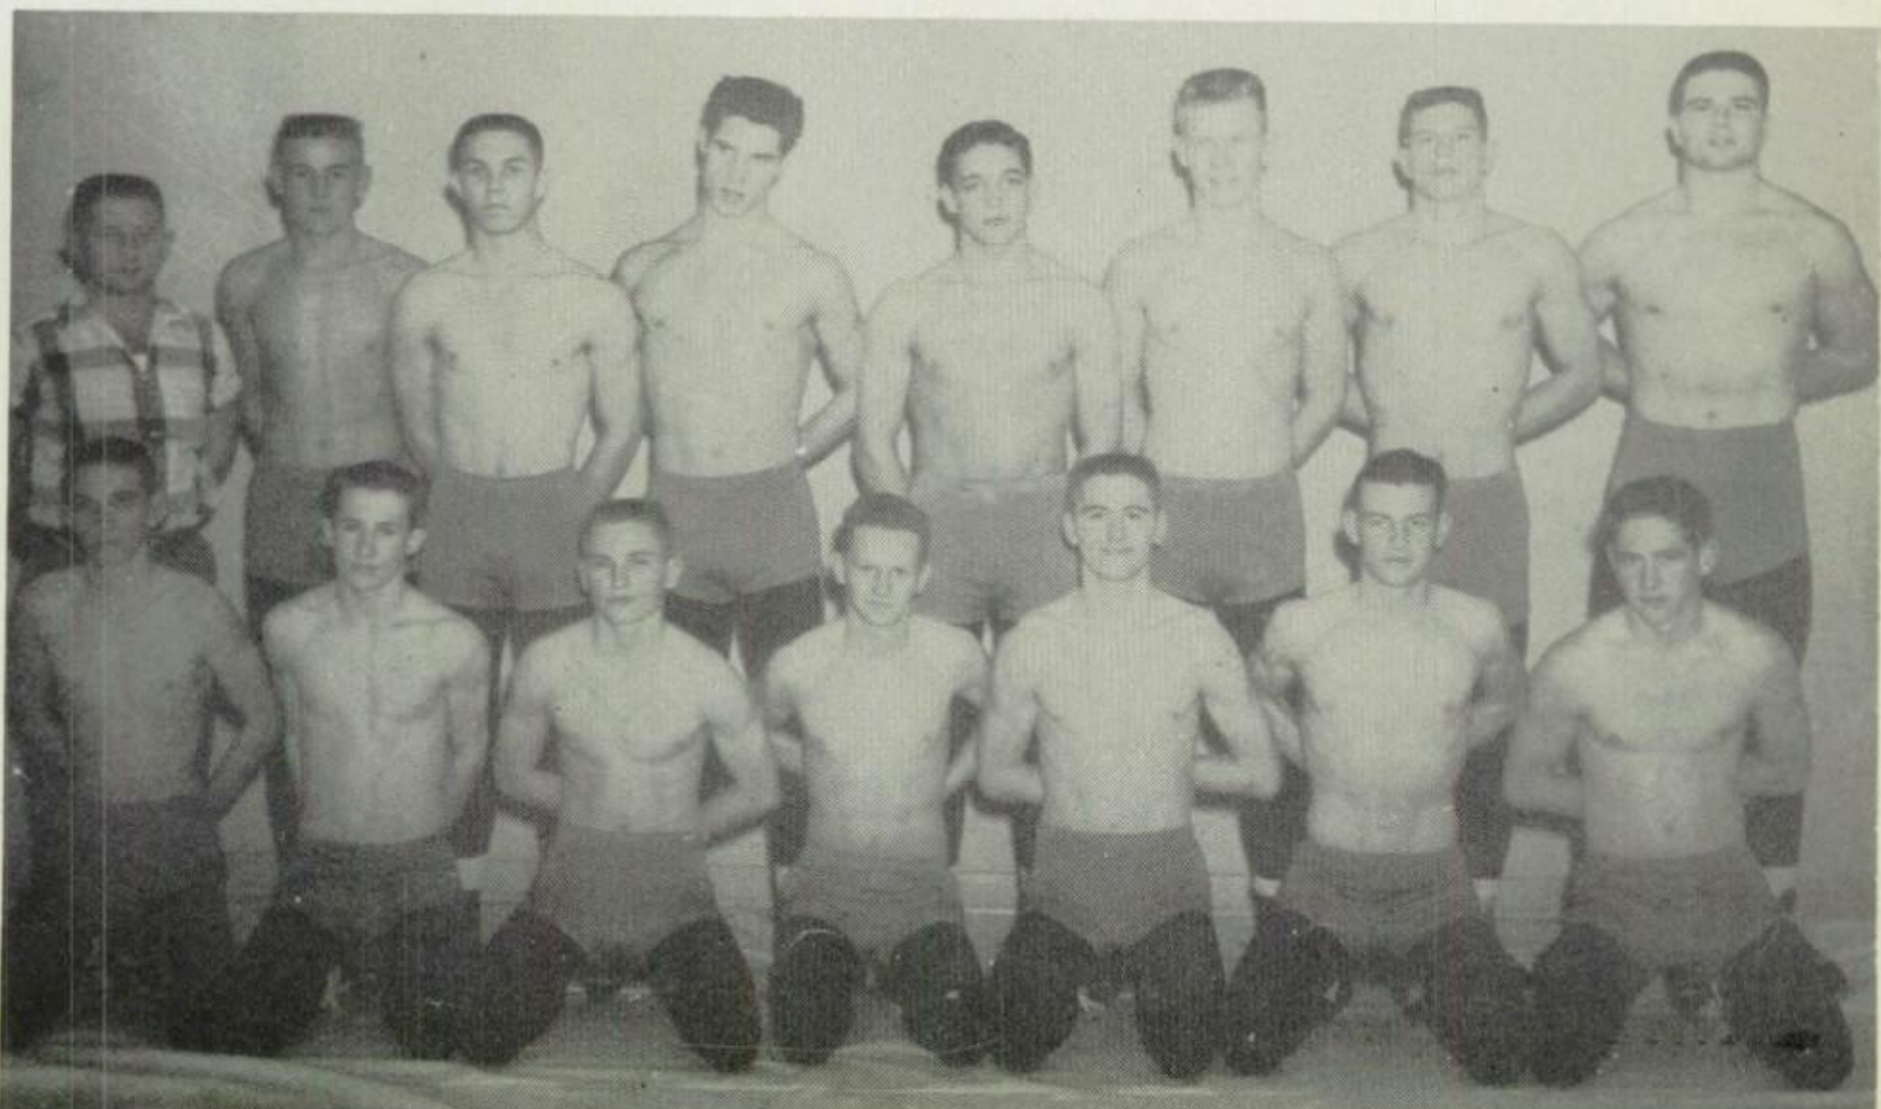

Mr. Snyder has been their coach for seven years. In all their matches our wrestlers have always shown lots of fight and spirit whether they were winning or losing. That is really school spirit. When they have to lose weight little Kasper suffers with them, going without food and sweating in the sweatbox.

Results Are Achieved By Effort

For three years now our track team has held the position of Midland Conference Champions. In 1955 the team as a whole won 42 medals in Major Meets. They were Cross-Country Team Runners-up for the Class A State Championship and held fourth place in State Open Championship.

This year the track team will have

Dual Meets with Classen, Capitol Hill, Northeast, Harding, El Reno and Norman. They will also attend Major Meets at Fort Worth, Oklahoma City, Tonkawa, Duncan, Oklahoma A&M, Oklahoma Baptist University at Shawnee, Central State at Edmond and they will be in the Regional and State Championships.

Charles Foley, Lorne Johnston, Jim Walker and Jerry Frederick.

ROW ONE: Lowell Reed, Warren Gillilan, Raymond Heckard. ROW TWO: Charles Hawks, Robert White, Jim Walker, Don Stamps.

Girls Too, Abide By Good Sportsmanship

Under the direction of MISS PARIS, the girls athletic department formed softball, tennis, volleyball, table tennis, and badminton teams. They participated in intra-mural games.

ROW ONE: Miss Paris, J. Ackors, S. Morgan, E. Reed, B. Hales, C. Johnson and D. McPherson. ROW TWO: B. Pierson, D. McCann, D. Kahl, E. Robison, C. Parrish, M. Campbell and M. Long.

Babetta Hales and Dorothy McPherson have lettered in badminton, while Carol Johnson lettered in table tennis.

As in other schools in America, the girls at Putnam have a chance to take part in various sports just as the boys do. They play such games as softball, basketball, volleyball, tennis and badminton. Although the girls do not compete against other schools, they do play against different hours of P. E.

The three girls who entered the tennis tournaments and received their letters are left to right: Carol Johnson, Babetta Hales and Dorothy McPherson.

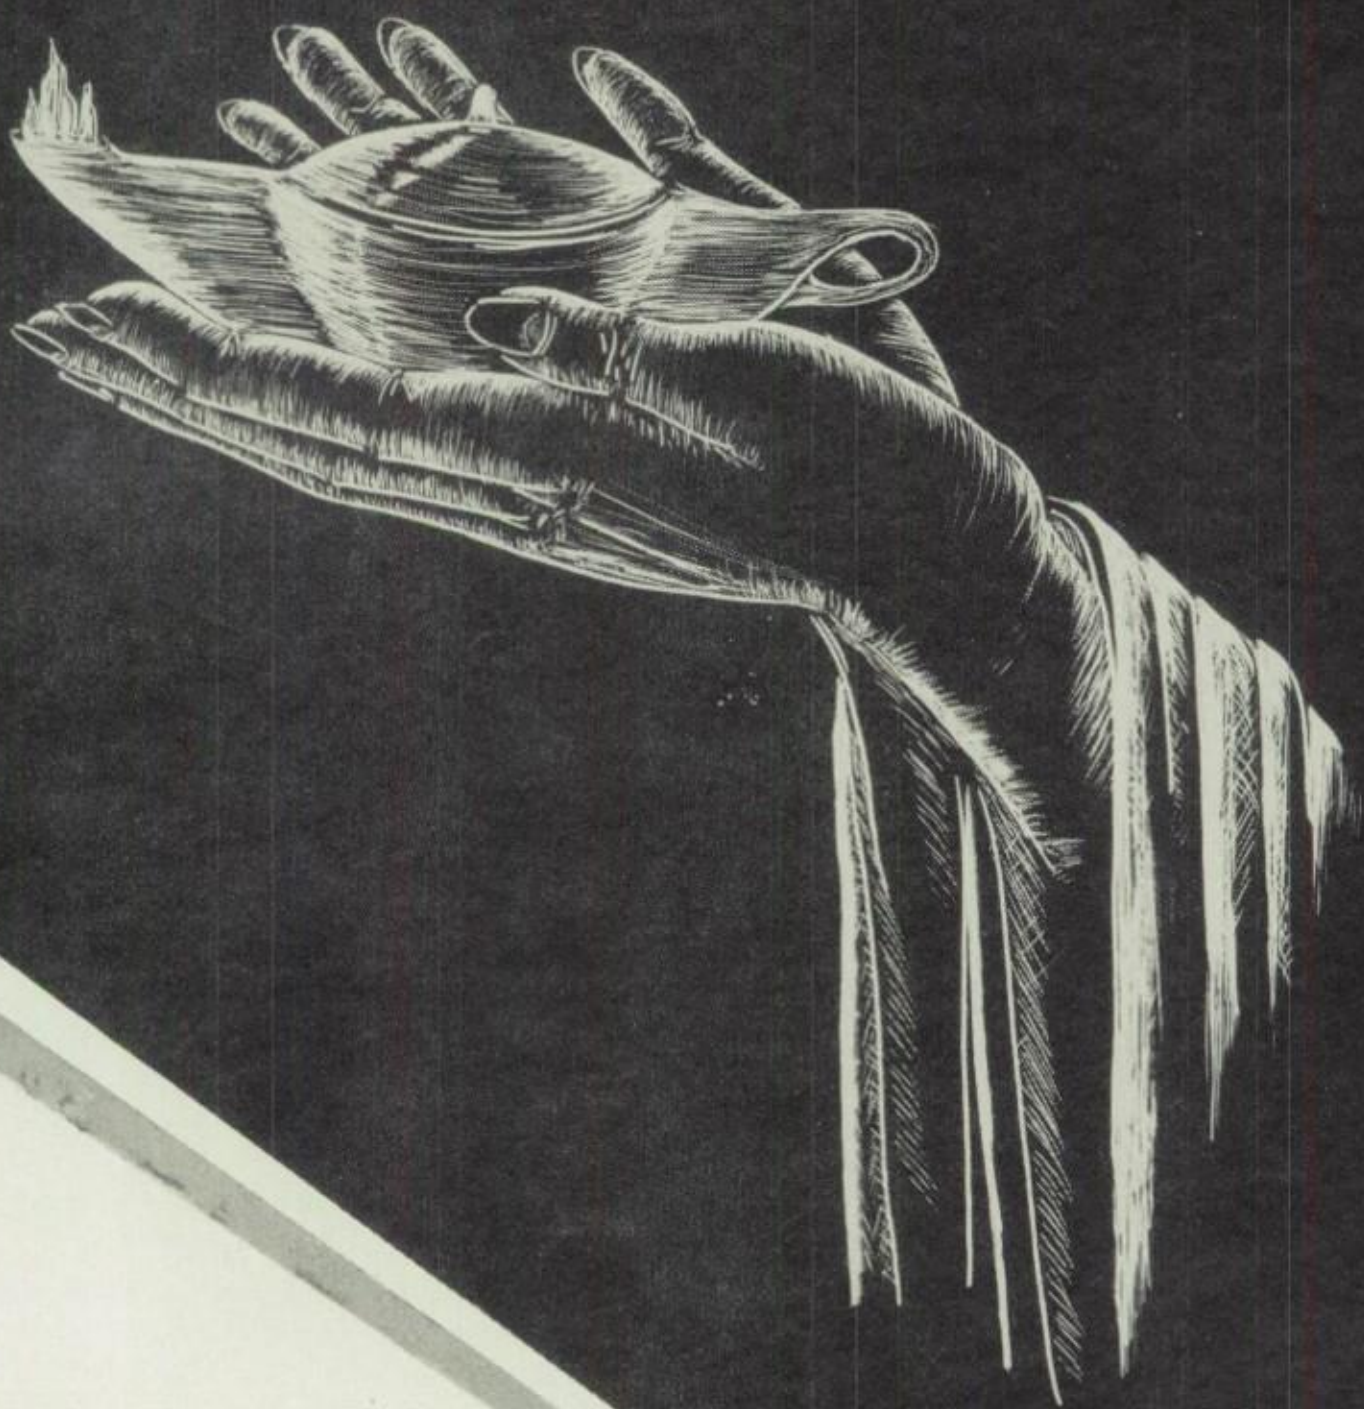

VOLLEYBALL--ROW ONE: M. Long, M. Campbell, E. Reed and S. Morgan. ROW TWO: C. Johnson, B. Pierson, D. McPherson, J. Ackors and B. Hales.

ADMINISTRATION

lamps of knowledge

The person always willing to help you when you enter Mr. Kirkland's office is Mrs. Hubbard. She was previously Mr. Kirkland's secretary for five years in McAlester. Mrs. Hubbard has also been a teacher of commerce in Graham and McAlester. She was graduated from Southeastern College with a Bachelor of Science degree. She has been at Putnam City since 1950 when Mr. Kirkland became our superintendent. After graduating from Southeastern College with a Bachelor of Science degree, she taught commerce at Graham and at McAlester, before becoming Mr. Kirkland's secretary there. She has been at Putnam City since 1950 when Mr. Kirkland became superintendent.

Mr. Kirkland has completed 37 years of school experience, all of which have been in administration. During his first three years of administrative work he also coached girls' and boys' basketball and all school plays.

He possesses a B.A. Degree from Northwestern State College, Alva, Oklahoma; Master of Education degree from Oklahoma University.

He has had a successful tenure in some of the best schools of the state and chose the Putnam City Schools because of the potentiality of their becoming one of the largest schools in the state. It is now one of the ten largest. This is his sixth year here and the school board unanimously renewed his three year contract recently.

In 1939-40 he was President of the Oklahoma School Administrators; in 1947-48, President of the Oklahoma Education Association. For 13 years he has been a member of the Oklahoma Teachers' Retirement Board and has been president of the board for five years.

He loves school work and his hobbies are looking over farms, hunting and fishing.

Principal's Message To Seniors

Dear Class of '56:

Congratulations are in order on your graduation. You are Putnam City's largest group of graduates.

This will mark the end of formal schooling for many of you. However, it should not mark the end of your education if you do not attend college. Living in the modern world is an education within itself.

The world has made much progress in the field of science and invention. However, these many accomplishments in the hands of an uneducated and unsensitive population cannot in the long run lead us any way but down. We must continue to work in educational fields so that the individual citizen will reach his greatest height when he uses these accomplishments to serve his fellow men.

Sincerely,

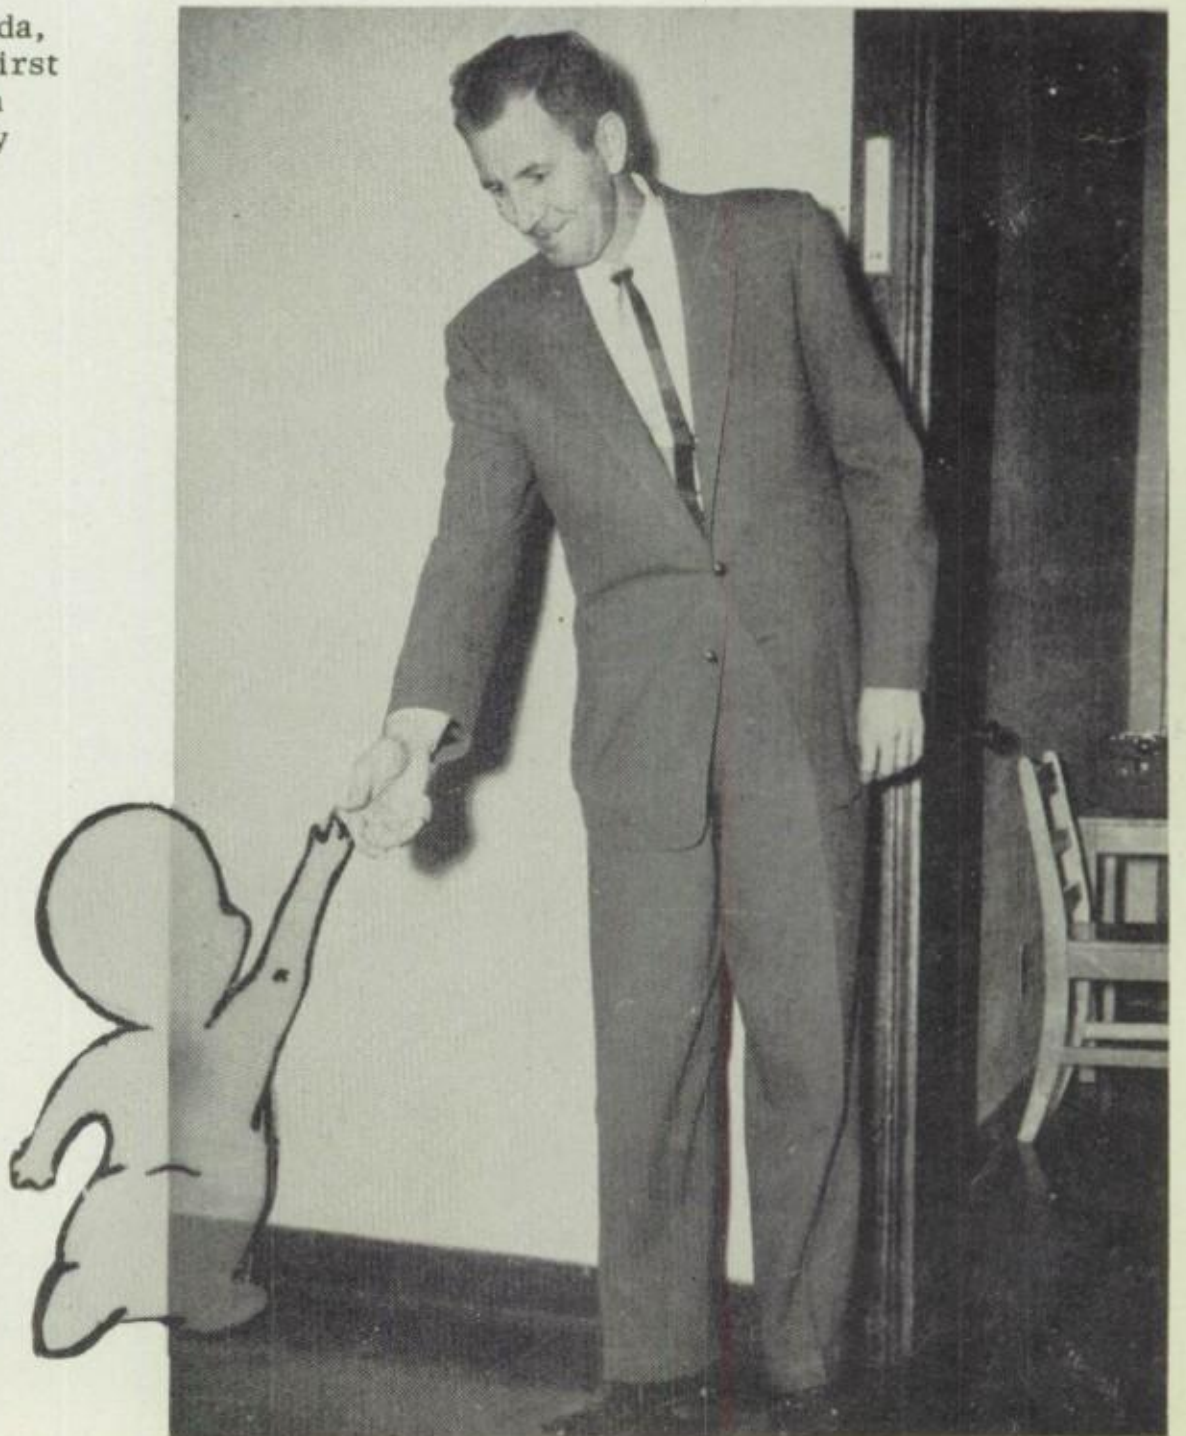

Leo C. Mayfield

The friendly smile you see greeting you as you walk in the office is Mrs. Mason, our high school secretary. She majored in business at El Reno Junior College, then worked in banks in various parts of Nevada, California, and Oklahoma. This is her first year at Putnam and it is our sincere wish that she will continue to be here for many years to come.

Many of you think of Mr. Mayfield as always being our principal. Actually he has had many other jobs in the field of education. He attended Northeastern State College where he received a Bachelor of Science degree. He also has a Master's degree from the University of Oklahoma. Mr. Mayfield came to Putnam in 1940 to serve as junior high principal until the war broke out. Returning to Putnam when the war was over, he started teaching history, English, and journalism and coaching wrestling and track. He became high school principal in 1949.

Mr. Mayfield is a member of the Board of Directors of the Oklahoma Education Association and a member of the National Education Association and of the National Association of Secondary Principals. He is a charter president of the Warr Acres Lion Club and Americanism chairman of American Legion Post 12.

President E. W. Patzack, Vincent Lawson, G. M. Salmon, E. G. Stambaugh and Vice President A. A. Lynn.

The Board of Education works with Mr. Kirkland, our superintendent, in promoting a bigger and better school each year. We are proud to say we are one of the ten largest school systems in the state.
